

Moscow, Skolkovo Technopark  
September 21–23, 2021

# ArchGlass – in Skolkovo!

**For the first time, the Union of Architects of Russia and the Union of Moscow Architects conduct in the Skolkovo Technopark simultaneously and according to a single program:**

«ArchGlass 2021» - the 3d international Forum of architectural glass industry

«AlumForum 2021» - the 2nd international Forum «Aluminum in architecture and construction».  
Founder - Russian Aluminium Association.

## In the program:

### • Exhibition exposition.

Everything from the production of flat glass to its use in architecture and construction, glass in the interior, decorative and artistic products.

### • Business program.

Actual issues of the use of glass products in architectural and construction practice, regulatory framework, innovative materials and technologies.

### • The 7th competition «Glass in architecture».

The only show in Russia of designed and implemented projects with glass. National Award - Grand Prix for the best implemented project.

### • Excursions to Skolkovo facilities.

Hypercube, Matrex, Amalthea Business Center, Technopark, Skoltech University, Campus of the Skolkovo Institute of Science and Technology, Moscow School of Management Skolkovo.

The widespread use of glass and aluminum is the main trend in modern construction, allowing to realize the wishes of the customer and implement unique architectural ideas.

The unification of the Forums on one venue is caused by the need to consolidate the efforts of specialists in the aluminum, glass and construction industries, strengthen business contacts with leading architects and designers, and create new opportunities for successful business development.
